

# IN EUROPE WITH US OR BESIDE US – FATES OF EXCLUDED AND FOREIGN

The project “In Europe ” takes action on behalf of various disadvantaged groups, including seniors, women in difficult situation, victims of all kinds of violence, people with educational disabilities, migrants (with particular emphasis on the fate of women), opposing their discrimination. 5 partner meetings are planned, including 2 of 5 training days, during which attendees – educators from partner countries of this project – will gain knowledge about three specific methods: biographical narrative interview, biographical conversation, drama.

These new skills will be used to diagnose problems and attempt to resolve them, and the first step in this direction will be developing profiles of adults of various ages (25 + / 60 +) with the disadvantaged environments. In each country, several interviews and biographical interviews with representatives of our target groups will be conducted, and their fate will be visualized using drama techniques.

**This project has received funding from the European Union's ERASMUS+ programme.**
